HELIES

Minutes of July 18, 2006 Meeting

The July 18, 2006 meeting of the RC Propbusters was called to order at 8:00 PM with 18 members present. The minutes of the June meeting were read by Bernie Liskov and accepted as read with one correction. At the May meeting, the plane of the month was the Electric ARF glider which was presented by John Behne and not George Young as reported. Sorry. The treasurers' monthly report was read by Ron Czikowsky and is as follows. The beginning balance was \$8,016.27, total income was \$200.00, total expenses were \$2,700.00 and the ending balance was \$5516.27. The report was accepted as read.

Committees

The Henry Struck Electric Fun Fly is this coming weekend. George Cintron said that there will be 2 raffles for 2 kits on Saturday and again on Sunday. George is looking for help and many present at the meeting said they would help.

Ray discussed the Neighborhood Fun Fly. He said that the CATO rocket guys would do a demonstration from 11:00 to 12:00 on Saturday. Flying will begin at 9:00 AM on both days. There is a major need for more trainer type aircraft. Even if you don't want to be a trainer pilot we could use the planes along with trainer cords. A motion was made to give away a club membership, a RTF airplane, an engine and a radio as a no cost lottery. The cost is to be less than \$300.00. The motion passed.

The committee for the AMA event held a meeting at 7:00 PM where we discussed various aspects of the meet. The largest need was that about 50 of the club members are needed at different times during the 3 day event. Fred and George will be contacting all of the members. The jobs are as follows: Parking attendants, impound, flight line management, food cooking, money collecting at food concession, vender liaison, garbage collection, 50-50 raffle person, another raffle person, etc. This meet is a very big deal. Now is the time for all of the members to step up and become a part of something great. There will be a master list that will be created showing the times you are available to work and the jobs you will be doing. Please help!!!

Old Business:

There was none.

New Business:

Dennis spoke about the fact that Jack Holmgren found a 2 year old riding lawnmower with a bagger attachment in excellent condition at Bozrah Hardware. It was such a good buy at a time when the Huskvarna is really getting tired. In order to not lose this opportunity, Dennis called a special meeting on short notice at the Exit 23 Restaurant where the purchase was discussed. A motion to buy the mower was made and passed. Bozrah Hardware not only serviced the mower but has given us a 2 year warranty on it as well. The Huskavarna mower is for sale and Ron Czikowsky may have someone where he works interested in it for \$300.00.

New Members

Three new members were voted in to join the club. They are Howard Manuel, drew Ogilvie, and Donald Tracy. Welcome.

The meeting was adjourned at 8:45 PM

Respectively submitted by Bernie Liskov.
