**We still have some gorgeous flying days so come on out
and enjoy the fall colors and flying with your buddies.**

Tip of the Month

If you want to make your own decals, buy Avery Clear Full Sheet Labels, P/N Ink Jet 8665. This product can be purchased at Staples or Office Max, etc.

You can make most anything and although not completely clear, a coat of clear dope improves the appearance.

For Sale

1. 84" Flybaby built from a Dynaflyte Kit, added flaps, Solartex fabric, 3 pc wing for easy transport, set up for an OS 1.60 twin but a good 1.20 4Cycle would do the job (have a spare cowling, new) low time, great shape, \$300.00 W/O engine OBO. The 1.60 twin is available but would not be cheap!
2. 52" American Ace, a 1940 Henry Struck FF design built from plans with 3 channel RC assist, Fox .15 power, a real floater. \$150.00 OBO.
3. World Models "Groovy 90" pattern plane. Due to pilot error, the fuselage is broken just aft of the wing. Virtually unrepairable, but if you think you are clever enough to repair it, I'll give the airplane (minus engine and other onboard stuff), otherwise the trash man gets it. Wing and tail are undamaged.

The AMA District I Fun Fly and Air show

We had 78 registered pilots with over 200 Aircraft in spite of the poor weather. On Friday, our best weather day, 48 pilots registered and we had 16 Helicopters flying at the event. Unfortunately the weather did not smile kindly on us, but everyone who came and flew had wonderful compliments about the field, our members, and our hospitality. Great performances were the order of the day and we hope Andy Argenio will consider us for next years fun fly.

You can see many photos of the event on our website www.rcpropbusters.com. The photo below is of most of the club members who worked hard to make this event the success it was.

Minutes of September 19, 2006 Meeting

The September 19, 2006 meeting of the RC Propbusters was called to order at 8:02 PM with 28 members present. The minutes of the August meeting were read by Bernie Liskov and accepted as read. The treasurers' monthly report was read by Ron Czikowsky and is as follows: The beginning balance was \$5516.27. Income was \$1975.75. Expenses were \$1515.22 which left a balance of \$5976.80. The report was accepted as read.

Committees

John Banks reported that the club fun fly was a lot of fun but there was too much destruction of planes in the balloon break contest. Next year, he won't use heavy weights to hold down the balloons and will use weaker ribbon to hold the balloons.

For the AMA event Bob Haines has donated an Ultimate Bipe and a Super Tiger 2000 engine as raffle items during the AMA event.

The committee for the AMA event again held a meeting at 7:00 PM where we discussed all aspects of the upcoming AMA event. George has some announcements which will be played on the radio. There is still a need for volunteers. We also need club members to bring your planes and fly them.

Unfinished Business:

The Mohegan Sun Blimp flying season is over, but Lisa Wiestart is setting up a date in January or February to fly our foamies in the arena. We may do this 2 or 3 times.

New Business:

Rich Ippolito asked about changing some of the web site. He asked for suggestions from club members about what we may like to add or change to make the site even better. John Banks suggested that similar topics be linked.

Fred Meyer asked about moving the Beringer to a later date and possibly linking it with an IMAA warbird event with our club being able to fly any size plane.

Dennis reminded us that nominations for club officers need to be made next month.

Good and Welfare

Dick Wilkins had a conversation with Salem's First Selectman and the Selectman said that he has never heard any negative comments about our flying or noise coming from the field.

The meetings will begin at 7:00 PM starting in October.

New Members

2 new members were voted in to join the club. They are Adrian Donohue, and Ben Walker. Welcome to you.

The meeting was adjourned at 8:54 PM

Respectively submitted by: Bernie Liskov.
